CORPORATE EXPERIENCE

July 2006-March 2007 **CEO Broadwing Communications**
Austin, Texas

Responsible for the tactical and strategic direction for this national fiber optic network with sales of \$1B to carrier and enterprise customers. Managed a workforce of 1,600 employees and served on the Board of Directors. Negotiated sale of the company to Level 3 in late 2006 creating significant return to shareholders and creating a powerful national network.

Dec 2000-July 2006 **CEO and Chairman NEON Communications**
Westborough, Massachusetts

Led this facilities based, fiber optic service provider for four years of 24%+ revenue growth. Upon arrival, raised \$26.5M in additional capital and completed a comprehensive restructuring of the balance sheet, which eliminated total debt of \$300M incurred in 1998. Experienced in board management, all aspects of corporate governance and investor relations. Managed 2005 merger with Globix Corp that created publicly traded entity. Continued to serve on the board until July 2006.

June 1998-Dec 2000 **CEO, EnerTel, N.V**
Rotterdam, The Netherlands

Subsequent to its acquisition by a US operator, managed all operations of this Dutch data, IP and corporate voice services provider, the largest alternative network in The Netherlands. **Revenue tripled** in twelve months and profitability improved. Transitioned consumer market oriented company to one focused on corporate, IP, and high-end data markets. Managed company of 200 professionals and \$105 M per year in revenue, 55% annualized growth. Company acquired in 2000 by UK operator Energis for **\$570M**.

August 1987-May 1998 **VP and GM, Sprint and Sprint International**
Brussels, Belgium and Reston, Virginia

Served in various executive positions within the international division of Sprint including management of all financial and most commercial operations in 20 countries with a staff of over 100. Served as deputy for European business operations, managing product introductions in deregulating countries. Launched new country operations, merged existing ones and sold off duplicative assets. **Managed growth of 50% in revenues to a total of \$623M** through expansion of extensive voice and data product line into deregulating markets. During this period, Sprint International's presence grew from 10 to 40 countries.

January 1985-August 1987 **Program Manager, IBM Corporation**
Washington D.C

June 1983-January 1985 **Staff, KPMG**
Washington, DC
